QUOTE TERMS AND CONDITIONS

This is a Pricing Guide ONLY which is subject to AVION INTERNATIONAL's standard trading terms and conditions <http://www.avionaustralia.com/terms.php> or available on request.

1. Clients need to have their own Marine Insurance or can request AVION AUSTRALIA for assistance. AVION AUSTRALIA doesn't carry Marine Insurance on client's behalf if not specifically engaged.
2. All prices, rates and charges quoted are subject to change without notice but, in a common interest with our clientele, AVION Australia aim to broadcast any change with sufficient margin of time in advance before the changes will apply.
3. Air freight is subject to a volume/weight ratio of 6000M3 = 1Kg / 167Kg = 1M3 whichever is greater. SEA freight LCL/LCL is subject to a volume/weight ratio of 1M3 = 1000Kg whichever is greater. The Local cartage (National and or Overseas) is subject to a volume/weight ratio to specify on the quote respectively time to time when the quote is submitted, ask our customer service otherwise.
4. All rates and charges are exclusive of Duties and Taxes at origin and destination when applicable.
5. Rates quoted are not applicable for oversized or hazardous cargo unless specified.
6. Freight charges quoted in foreign currency might be converted to a currency at the agreed exchange rate + Currency Adjustment Factor (CAF). The CAF % is applied by AVION Australia by default or can be the result of specific commercial agreements between the parties, ask our customer service otherwise.
7. Customs clearance charges do not include addition line fees which are quoted on a separate line and the applicable charge is a result of the commercial agreement between the parties, ask our customer service otherwise.
8. Aviation and International Transport Security WARNING – REMINDER – Cargo will be subject to security and clearing procedures. It is illegal to consign explosive and incendiary cargo/devices without prior authorization and consent.
9. Ancillary Charges may apply such Fumigation, Quarantine AQIS, Customs Inspection fees, the related charges may vary time to time and they are passed at cost as per Invoice rcvd, ask our customer service otherwise.
10. Demurrage, Storage, Container Detention charges are applicable to FCL/FCL – LCL/LCL – AIR shipments. Charges apply as per Carriers and Terminal of Arrival/Departure price, terms and condition either to import and export shipments.
11. Demurrage, Storage, Container Detention Free time, before charges (10.) applies, are a result of commercial agreements guiding the shipments. Demurrages, Storage and Container Detentions are always applicable to Import and Export Goods shipped either via LCL/LCL – FCL/FCL or AIR mode of transport, check with our customer service. FOR IMPORT ONLY, as a guide line, a free storage time for LCL/LCL and AIR shipments is 2 days and for FCL/FCL is 3 days from terminals, always counted from the day of arrival. The free days are including week-ends.
12. The Australian Local Charges are different if the shipment is pre-paid or collect hence DAP-DDP quotes might change. It is duty of the office enquiring for the cost A) to specify if the shipment will be pre-paid or collect B) to ascertain the locals applied with the carrier directly if the shipment is Pre-paid. Avion Australia quote DAP-DDP charges based on Collect shipment arrangements Only, otherwise the locals, Port service Charges, THC, Airline Terminal Fees, Terminal service fees and other if any, will be invoiced at cost as per the carrier or terminal payable Invoice.
